**Illinois State Meet Series Procedure**

Illinois will proceed with the state meets as scheduled with their current host **in person**.

If a particular state meet can no longer happen with the elected host, that state meet will be virtual.

A virtual option will be offered to all of our state meets but those will have separate champions and given awards separately from the in person state meet.

If the state meet host does not want to host the virtual portion, the state committee will decide on someone who has hosted a virtual event to host the virtual state meet for them.
