- Judging Gymnastics for 34 years
- Coaching Gymnastics for 40 years

Have served on the Committee and the NAWGJ board for quite some time. I have coached and or judged gymnastics in Illinois for over 40 years. I love what I do and got into being a Board/Committee member to give back to the gymnastics community a bit of what I have gotten out of it. I use my knowledge from judging, coaching, managing and being a parent of 3 gymnasts to the table. I use my experience to best help with any given issue that comes up and a way to resolve it with the best interest for all in mind.

I go into every meeting with the best interest for Illinois gymnastics and Illinois gymnast's in mind. I believe I try to serve all the members of Illinois and bring your ideas to the table. I have attended many round tables and am always asking others for ideas they may have to better Illinois gymnastics.

I would be honored to serve as your Illinois USA Gymnastics Women's Committee Secretary another term.
