I have been coaching gymnastics over 40 years. I am making Illinois my permanent home and looking to being more involved with Illinois gymnastics. I am also currently a Level 10 judge and looking forward to testing National during the next cycle. I have been judging since 1997.

I have been involved with an Xcel program (even before it was called the XCEL program) since 2005 in North Carolina. Region 8 has been using a form of the Xcel program for quite awhile before it was an official program of USA Gymnastics. I love how the Xcel program offers an inclusive option for everyone. You can be competitive anywhere from 2 – 20 hours a week, depending on how your club uses the program. I love talking about the benefits of the program and willing to discuss them at length.

I am currently the Xcel Program Director at Gymkhana Gymnastics and Dance in Hanover Park, IL. (This year we will be competing 90 Xcel athletes from Bronze through Sapphire).
